

New Era Veterinary Hospital

JOIN THE TEAM!

VETERINARY PHYSIO/HYDROTHERAPIST

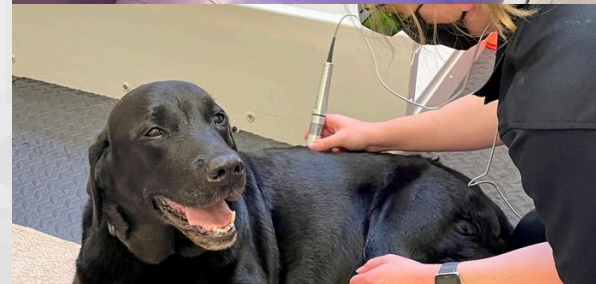

An exciting opportunity for an experienced Veterinary Physiotherapist to come and join our team on the island of Jersey! You will be based out of Archway Veterinary Centre at our dedicated rehabilitation department as well as providing in house physiotherapy for inpatients at our RCVS accredited hospital site. Our thriving rehab department includes an underwater treadmill, K Laser and stance analysis, and has a varied caseload of small animal orthopaedics, spinals and geriatrics, and we also provide physio visits for equine patients.

You will be expected to work alongside the wider veterinary team to provide the highest standard of multidisciplinary care for our clients but also be comfortable being sole charge of the department and managing all admin, health and safety and maintenance tasks alongside patient care.

We are looking for someone who is passionate about Veterinary Physiotherapy, is confident in providing excellent standards of care to both patients and clients, and someone who works well solo and as part of a multidisciplinary team. The ideal candidate will be someone who is looking to build on our existing services and continue developing the department.

REQUIREMENTS

- Level 6 or Level 7 qualified (BSc, PGDip or MSc) in Veterinary Physiotherapy.
- Membership with any of the following: IRVAP/NAVAP/ACPAT/RAMP.
- Experience working with an underwater treadmill (additional qualification in small animal hydrotherapy a bonus).
- Veterinary Nursing qualification useful but not essential.
- Experience with varied small and large animal case load.
- Comfortable working independently and being sole charge of the department, including managing health and safety, risk assessments & equipment maintenance.
